### **The Transformed Tree celebrates 50 years**

*Award-winning design/build company marks a milestone anniversary*

St. Paul, MINN: From its humble beginnings in 1973 as a custom cabinet shop in St. Anthony Park in Saint Paul, The Transformed Tree has grown into an award-winning, full-service remodeling company acclaimed for its exceptional craftsmanship and thoughtful, creative approach to design/build services.

With projects ranging from spacious home additions to custom-crafted cabinetry, The Transformed Tree's reputation for quality design and woodworking expertise routinely sets them apart. Through the years, owners Mel Salmi and Peter Hagen have provided homeowners with stunning customized solutions to make the most of their space. The team's personal approach, keen eye for detail, sharp listening skills, and superior craftsmanship have made The Transformed Tree a preferred remodeling partner for homeowners across the Twin Cities metro area. With the addition of the partner, Travis Rieck, the company is poised for continued longevity and building on a legacy of exceptional work.

"We are honored to have reached this landmark anniversary," said co-owner Peter Hagen. "We're grateful that our clients have invited us into their homes and families and trusted us with the highly personal project of doing a home remodel. We are proud to have built not only stylishly designed spaces but life-long friendships along the way. We are also grateful to the many architectural firms, sub-contractors, and service providers who have partnered with us through the years. We look forward to continuing to provide a process and product that meets the highest standards and expectations."

**About The Transformed Tree:** With a staff of highly skilled carpenters, cabinetmakers, and Certified Remodelers, The Transformed Tree provides clients with a range of professional proficiency, including design/build services, custom-built cabinetry, engineering expertise, and a critical understanding of architecture. Working in older urban homes, suburban homes, and condominiums, The Transformed Tree brings modern-day solutions while honoring the integrity of the home's architecture and heritage. Now celebrating its 50<sup>th</sup> year in business, The Transformed Tree's work and reputation have clearly stood the test of time.
